

Jubilemus, exultemus

François Couperin
(1668-1733)

Jubilemus, exultemus, resonet cælum plausibus !
Jubilemus et cantemus, resonet cælum plausibus !

*Jubilons, réjouissons-nous, que le ciel
retentisse d'applaudissements ! Jubilons et chantons,
que le ciel retentisse d'applaudissements !*
